

Welcome

To All Of You Who Love Sports And Are Inquiring About Our Organization, The Inland Empire, Amateur Athletic Union.

Since the start of the Amateur Athletic Union in 1888, millions upon millions of boys and girls have enjoyed participating in one or more of our 38 different sports. In this role, the AAU has dedicated itself exclusively to promotion and development of amateur sports and physical fitness programs for all ages.

What are our Union's strengths. . . the size and diversity of our membership, our expanded programming opportunities, and the right of every member to be part of the decision making process. Whether you enjoy competition, coaching, administering events, or just spending more time with your children, the AAU family of sports has a place for you.

We invite you to check us out, when you do we are certain that whatever direction you choose to travel or the level of passion you have for sports, you will select the AAU as the organization for you.
